DETAILED ACTION

1. Claims 1, 3-7, 9-13, 17-20, 22-26, and 28-31 are pending.
2. Claims 1, 13, and 20 are amended.
3. Claims 2, 8, 14-16, 21, and 27 are cancelled.

Claim Objections

4. Claim 3 is objected to because of the following informalities: Dependent on cancelled claim 2. Appropriate correction is required.

Claim 22 is objected to because of the following informalities: Dependent on cancelled claim 21. Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

5. Claims 1, 13, and 20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 13, and 20 recite the limitation "said plurality of business partners". There is insufficient antecedent basis for this limitation in the claim. Examiner recommends inserting 'business' before every mention of 'partners'.

Claim Rejections - 35 USC § 101

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

6. Claims 13, 17, 18, and 19 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. A "user interface" does not fall within one of the four statutory categories of inventions. For the claims to overcome the 101 rejection, the user interface of the claims must be tied to a hardware environment. The examiner recommends incorporating the teachings on pg 12 lines 2-3 of the present specification to show that *background presentation is an image presented within a window on a desktop that is displayed.*

Allowable Subject Matter

7. Claims 1 and 20 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

8. Claim 3-7, 9-12, 22-26, and 28-31 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
